About DAVINA

*A Brighter World,
Together*

OUR STORY

DAVINA was founded in 2025 to connect people and share beauty and value.

Since January 2026, we have partnered with leading Korean K-Beauty brands, introducing outstanding Korean beauty and aesthetic products to the world.

Beyond simply delivering products, we strive to build meaningful partnerships where we support each other and grow together.

We also donate 5% of our profits to neighbors in need, hoping that small changes will lead to greater hope.

DAVINA believes:

A better world begins when we share together.

01 OEM PRODUCT PRODUCTION & EXPORT SALES

- Own Brand OEM Product Production & Worldwide Export Sales
- High-Quality Manufacturing Processes & Brand Value Creation

03 CONSIGNMENT PRODUCT ACCEPTANCE & SALES

- Consignment Product Acceptance & Managed Sales Services
- Efficient Inventory Management & Sales Performance Support

02 K-BEAUTY PREMIUM PRODUCT RETAIL & WHOLESALE EXPORT

- Hand-Selected K-Beauty Premium Product Wholesale & Retail Export
- Supplying Trend-Leading Authentic Product Line-ups

04 OVERSEAS BUYER PROCEDURE TRAINING & PROGRAMS

- Target Overseas Buyers for Medical Procedure-Related Training & Programs
- Managed by Professional Medical Staff with a Systematic Education Program

MYTHEXOSOME (Plant-based EXOSOME)

SKINBOOSTER

What is Exosome?

Small vesicles that are produced in nano-size (30~120nm) double lipid membranes secreted from cells. In general, parts of the extracellular vesicles are so called Exosomes. When Exosome is applied for a skin booster, it is to aid cell absorption and skin cell activation for excellent wrinkle improvement, whitening, skin generation and anti-inflammatory effects. It is working extraordinary for sensitive skin.

MYTHEXOSOME (Plant-based EXOSOME)

SKINBOOSTER

4 Main Effects

① Wound healing

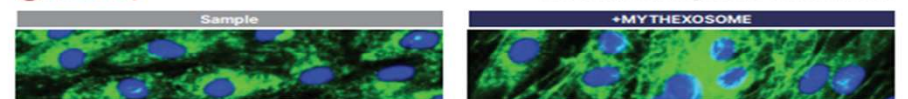

Testing the function of filling the wound area through self-movement in case of a wound on the skin, it shows that the further arrows move, the more cell movement is promoted.

② Cell growth Regeneration

Various growth factors that induce cell and tissue growth are more clearly expressed when MYTHEXOSOME is treated comparing to sample.

③ Elasticity

The more complicated the mesh structure becomes, the higher the elasticity of the skin. When MYTHEXOSOME is treated, the mesh structure of the solution is tighter and more tangled to one another, which is showing the high elasticity.

④ Moisturization

When skin barrier function is good, it means moisture retention is excellent. The experiment into the damaged skin and treated for 24hrs. The expression of skin epithelial cell proliferation factors shows that MYTHEXOSOME has excellent recovery ability against damaged skin by its ability of moisturization.

Active Substance	BTX-A complex (900kD)
Amount per vial	100 units
Appearance	Vacuum dried white powder in a colorless and transparent vial for injection
Indication (at present)	Glabellar lines (wrinkles)
Expiration & Storage	36 months / Store in a refrigerator (2~8°C)

* Ethical Drug

Details

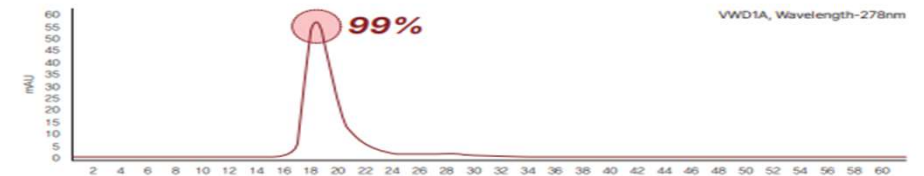

- Use of strains identified as Clostridium Botulinum **ATCC 3502**.
- Secure stable raw material production process technology by simplifying manufacturing process.
- **Produces 99% or more high purity undiluted solution.**
- High purity product production is related to reducing the risk of resistance as the amount of active ingredient used per vial is reduced.
- Secure high yield and potency due to process simplification.

Certificate

- Certificate of GMP
- License of NATUS9
- Certificate of Pharmaceutical Manufacturing License

MYTHRACHAEXOCREAM (Fresh-Mixed Exosome Cream)

A daily laser, in your fridge

A private skin clinic, completed in your fridge.
A fresh-mixed, dual-action formula for brightening and wrinkle care
activated by your own hand, right before use.

50B Centella
Exosomes

Brightening &
Wrinkle Care

Fresh-Mix
(Keep Cold)

Daily &
Post-Procedure

Ingredients can be copied. Freshness cannot.

- EXO.1 freeze-dried exosomes remain sealed and 100% stable until the moment you blend them into CREAM 2. Experience active skin regeneration at peak potency, preserved through a cold 25-day cycle.

COSMETIC

MYTHRACHAEXOCREAM (Fresh-Mixed Exosome Cream)

Formula Kit

Quick Tips: Keep refrigerated after mixing | Use within 25 days | Apply as the final step (Morning & Night).

Efficacy and Benefits

- Dual-Action Target: Visibly reduces fine lines while restoring a bright, even skin tone.
- Dual-Role Solution: Premium daily home care + high-performance post-procedure recovery (Laser, Lifting, Microneedling).
- Delivery-First Technology: Active exosomes prep the skin barrier, creating a clear pathway for rapid deep penetration.

Clinical Results and Certifications

- Human Clinical Trials (31 Subjects) — Proven Improvement In:
 - Crow's Feet (Eye-area wrinkles)
 - Nasolabial Folds
 - Dark Spots & Pigmentation
- Official Certifications:
 - Korea MFDS Dual-Functional Approved (Wrinkle Improvement & Brightening)
 - Low-Irritation Tested (Safe for sensitive skin)
 - CGMP & ISO 22716 Certified

50 Billion Centella
Asiatica Nano-Vesicles
Lyophilized Essence

NAD+
PDRN
9-Peptides
6-Type Collagen

► HOW IT WORKS

The Dual Procedure that changes the result.

DUAL PROCEDURE

1 PROCEDURE 1

Mixed fresh and activated right before use, 50 billion freeze-dried Centella exosomes (EXO.1) are the first to penetrate the skin, paving the way for absorption.

2 PROCEDURE 2

Through the opened pathway, the key active ingredients penetrate deeply into the skin (CREAM 2).

Adenosine (Wrinkles),
Niacinamide (Brightening),
NAD+ (Energy), **PDRN**
(Resilience), **9 Peptides**
(Structure), **6 Collagen**
(Firmness)

- **Dual-function: wrinkle care + brightening**
Certified for wrinkle improvement and brightening by Korea's MFDS.
- **Human trial —scheduled for completion in early July**
Evaluation of improvement in melasma area and wrinkle reduction around the eyes and nasolabial folds in a 30-subject study.
- **Low-irritation test completed**
Tested on sensitive and normal skin.
- **U.S. MoCRA registration underway**
U.S. Responsible Person (RP) designated. CGMP · ISO 22716.

50 billion exosomes — the exosome content is disclosed transparently, without vague or obscured labeling.

*It's not about what the ingredients are,
but how effectively it's absorbed
that determines the result.*

One product, two markets.

● Daily Home Care

Daily anti-aging for everyday use.
Morning and night, six fresh actives help care for wrinkles and skin tone.

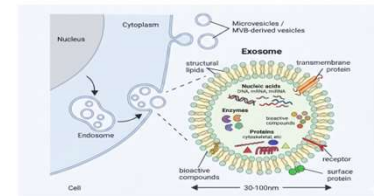

● Post-Procedure After-Care

For skin stressed by lasers, lifting, fillers or peeling, PDRN and exosomes deliver powerful soothing and recovery support.

Both retail and clinic channels are opening simultaneously.

Exosome

The Freshness Mandate:

Exosomes are highly sophisticated and delicate. Their ability to "talk" to your cells is most powerful when they are freshly activated.

This is why **MYTHRACHA** uses a **2-step system** to preserve these "living signals" until the moment they touch your skin.

※ For sensitive skin, mild irritation may be experienced during initial use. Discontinue use if irritation persists.

PCL SKIN BOTOX & PINK LIPO V (LIPOLYSIS)

SKINBOOSTER

Main Ingredients

- PCL (Polycaprolactone) + Botulinium Peptide

Volume

- 2ml (per vial)

Product Features

- A skin botox product designed to deliver deep hydration and nutrients to the skin, helping with skin regeneration and improved elasticity.
- Commonly used in micro-injection procedures or professional skin treatments, it keeps the skin moisturized and healthy.

Volume

- 10ml

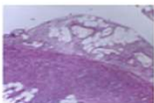

* Liquid Type

Fast & Safe Fat Reduction with Enhanced Skin Elasticity

PINK LIPO is an advanced lipoclasia solution designed to **reduce localized fat**, promote **fat cell elimination**, and **enhance facial contours**. This upgraded formula delivers **faster results** with **minimal pain** and a **lower risk of side effects**, ensuring high patient satisfaction.

Formulated with **eco-friendly plant extracts** and **Carnitine**, it not only supports fat burning but also improves **skin health and elasticity** for a smoother, firmer look.

Carnitine
Boosts fat metabolism, supports collagen synthesis, improves skin firmness and anti-aging.

Juglans Regia Seed Extract
Anti-inflammatory, antioxidant, promotes skin regeneration and hydration.

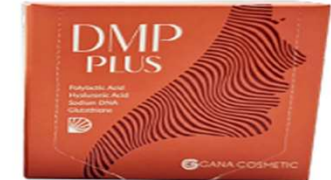

Ophiopogon Japonicus Root Extract
Calms irritation, enhances cell regeneration, improves elasticity.

DMP PLUS (PLLA SKIN BOOSTER)

SKINBOOSTER

* Liquid Type

An all-in-one skin booster that targets

simultaneously.

DMP PLUS

Poly-L-Lactic Acid

Improves skin elasticity, provides lifting effects, reduces wrinkles.

Sodium DNA (commonly known as PDRN)

Promotes cell regeneration, repairs skin damage, improves skin texture.

03 Toxin

01

Botulax 100 / 200 / 300 Unit

Active Ingredient: Clostridium Botulinum Toxin Type A

Manufacturer: Hugel Inc. (Republic of Korea)

Storage: 2 ~ 8°C (Sealed, Refrigerated)

Shelf Life: 36 Months (Fresh Lot)

Application: Temporary improvement of moderate to severe glabellar lines

02

Nabota 100 / 200 Unit

Active Ingredient: Clostridium Botulinum Toxin Type A

Manufacturer: Daewoong Pharmaceutical

Storage: 2 ~ 8°C (Sealed, Refrigerated)

Shelf Life: 36 Months (Fresh Lot)

Application: Aesthetic & Therapeutic

03

Coretox 100 Unit

Active Ingredient: Clostridium Botulinum Toxin Type A

Manufacturer: Medytox Inc. — **South Korea**

Storage: 2 ~ 8°C (Sealed, Refrigerated)

Shelf Life: 36 Months (Fresh Lot)

Application: Aesthetic Use — Glabellar Wrinkles

04

Meditoxin 200 Unit

Active Ingredient: Botulinum Toxin Type A (Hall strain)

Manufacturer: Medytox Inc. — **South Korea**

Storage: 2 ~ 8°C (Sealed, Refrigerated)

Shelf Life: 36 Months (Fresh Lot)

Application: Aesthetic & Therapeutic Applications

Application: Aesthetic Use — Glabellar Wrinkles

04 HA Filler

Chaeum Premium(No. 1/2/3/4)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 20 mg/mL, Lidocaine 0.3%

Manufacturer: Hugel Inc. — South Korea

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.1 mL × 2 Syringes / Box (with 4 Needles)

Application:

No. 1 (Low Viscosity): Superficial wrinkles, fine lines around eyes (Crow's feet), perioral lines

No. 2 (Medium-Low Viscosity): Medium dermis wrinkles, forehead lines, lip contouring & volume

No. 3 (Medium-High Viscosity): Deep wrinkles, nasolabial folds, forehead, cheek volumizing

No. 4 (High Viscosity): Deep subcutaneous tissue, chin, jawline, nose bridge, facial contouring

Chaeum Pure(No. 1/2/3/4)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 20 mg/mL (Without Lidocaine)

Manufacturer: Hugel Inc. — South Korea

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.1 mL × 2 Syringes / Box (with 4 Needles)

Application:

No. 1 (Low Viscosity): Superficial wrinkles, fine lines around eyes (Crow's feet), perioral lines

No. 2 (Medium-Low Viscosity): Medium dermis wrinkles, forehead lines, lip contouring & volume

No. 3 (Medium-High Viscosity): Deep wrinkles, nasolabial folds, forehead, cheek volumizing

No. 4 (High Viscosity): Deep subcutaneous tissue, chin, jawline, nose bridge, facial contouring

Dermalax (Implant)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL, Lidocaine 0.3%

Manufacturer: Hugel Inc. — South Korea

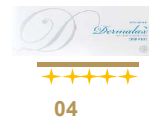

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.1 mL × 2 Syringes / Box (with 4 Needles)

Application: Aesthetic Use — Deep Wrinkles, Nasolabial Folds,
Facial Contouring (Nose, Chin, Cheek)

Dermalax (Deep)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL (Without Lidocaine)

Manufacturer: Hugel Inc. (Across) — South Korea

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

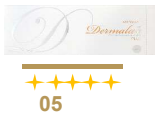

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.1 mL × 1 Syringes / Box (with 2 Needles / 27G)

Application: Aesthetic Use — Moderate to Deep Wrinkles, Nasolabial Folds,
Forehead & Glabellar Lines, Lip Volume & Contouring

04 HA Filler

Dermalax (Plus)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 20 mg/mL, Lidocaine 0.3%
Manufacturer: Hugel Inc. (Across) — **South Korea**
Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)
Shelf Life: 24 Months (Fresh Lot)
Packaging: 1.1 mL × 1 Syringe / Box (with 2 Needles / 30G)
Application: esthetic Use — Superficial to Mid Wrinkles, Crow's Feet, Fine Perioral Lines, Lip Surface Lines

Revolax (Sub-Q / Deep / Fine)

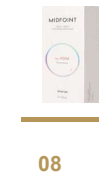

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL, Lidocaine 0.3%
Manufacturer: Across Co., Ltd. (Hugel Inc.) — **South Korea**
Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)
Shelf Life: 24 Months (Fresh Lot)
Packaging: 1.1 mL × 1 Syringe / Box (with 2 Needles)
Application:
Revolax Fine: Superficial lines, fine wrinkles, crow's feet, neck wrinkles, perioral lines (Needle: 30G)
Revolax Deep: Mid-to-deep wrinkles, nasolabial folds, forehead lines, cheek augmentation, lip volume (Needle: 27G)
Revolax Sub-Q: Deep subcutaneous tissue, severe wrinkles, nose bridge, chin, jawline, facial contour volumizing (Needle: 25G)

VOM (V / O / M)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 20 mg/mL, Lidocaine 0.3%
Manufacturer: CG Bio (CGBIO) — **South Korea**
Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)
Shelf Life: 24 Months (Fresh Lot)
Packaging: 1.0 mL × 2 Syringes / Box (with 4 Needles)
Application:
VOM V (Viscosity / Soft): Superficial to mid dermis, fine lines, crow's feet, perioral lines, fine forehead lines (Needle: 30G)
VOM O (Medium): Mid to deep dermis, moderate-to-deep wrinkles, nasolabial folds, lip augmentation & contouring (Needle: 27G)
VOM M (Max / Hard): Deep subcutaneous layer, nose augmentation, chin projection, cheek volume, facial contour sculpting (Needle: 25G / 27G)

Midpoint by VOM (M / I / D)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 20 mg/mL, Lidocaine 0.3%
Manufacturer: CG Bio (CGBIO) — **South Korea**
Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)
Shelf Life: 24 Months (Fresh Lot)
Packaging: 1.0 mL × 1 Syringe / Box (with 2 Needles)
Application:
Midpoint M (Max / Deep): Deep subcutaneous layer, nose bridge, chin augmentation, facial contour sculpting
Midpoint I (Intermediate / Mid): Mid to deep dermis, nasolabial folds, forehead lines, lip enhancement & volume
Midpoint D (Delicate / Soft): Superficial dermis, perioral lines, fine wrinkles, crow's feet

Neuramis (Volume / Deep / Lidocaine / Light)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 20 mg/mL, Lidocaine 0.3%

Manufacturer: Medytox Inc. — South Korea

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 1 Syringe / Box (with 2 Needles)

Application:

Neuramis Light Lidocaine: Superficial dermis, fine wrinkles, perioral lines, crow's feet, skin hydration (Needle: 30G)

Neuramis Lidocaine: Mid dermis, moderate wrinkles, forehead lines, glabellar lines, lip contouring (Needle: 30G)

Neuramis Deep Lidocaine: Mid-to-deep dermis, nasolabial folds, deep forehead wrinkles, lip augmentation & volume (Needle: 27G)

Neuramis Volume Lidocaine: Deep subcutaneous layer, nose augmentation, chin, cheek volumizing, overall facial contouring (Needle: 27G)

Bellast Ultra (Plus / L / Soft)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL (Soft: 18 mg/mL), Lidocaine 0.3%

Manufacturer: Dongkook Pharmaceutical — South Korea

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 1 Syringe / Box (with 2 Needles)

Application:

Bellast Soft L (Ultra Soft): Superficial dermis, fine lines, crow's feet, perioral lines, delicate tear troughs (HA: 18 mg/mL, Needle: 30G)

Bellast L (Ultra): Mid to deep dermis, moderate-to-deep wrinkles, nasolabial folds, forehead lines, lip augmentation (HA: 24 mg/mL, Needle: 27G)

Bellast Plus (Ultra Plus): Deep subcutaneous layer, facial contouring, nose bridge, chin projection, cheek volumizing (HA: 24 mg/mL, Needle: 27G)

EPTQ (S500 / S300 / S100)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL, Lidocaine 0.3%

Manufacturer: JETEMA Co., Ltd. — **South Korea**

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.1 mL × 1 Syringe / Box (with 2 Needles)

Application:

e.p.t.q. S500 (Hard / Volume): Deep subcutaneous / periosteal layer, nose contouring,
chin augmentation, jawline & cheek volume sculpting

e.p.t.q. S300 (Medium / Mid): Mid to deep dermis, moderate to deep wrinkles, nasolabial folds,
forehead lines, lip enhancement & volume

e.p.t.q. S100 (Soft / Delicate): Superficial dermis, perioral lines, fine wrinkles,
crow's feet, tear troughs

04 HA Filler

17

Juvederm (Vobella / Volift / Voluma / Volite)

Active Ingredient: Cross-linked Hyaluronic Acid (HA), Lidocaine 0.3%

Manufacturer: Allergan Aesthetics (an AbbVie company) — **France**

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 2 Syringes / Box (with Needles)

Application:

Juvederm Voluma (Volume / Deep): Deep subcutaneous / supraperiosteal layer, cheek volume restoration, chin profile augmentation, temple hollowing (HA 20 mg/mL)

Juvederm Volift / Vollure (Intermediate / Mid): Deep dermis, moderate to severe nasolabial folds, marionette lines, facial contouring & lip volume (HA 17.5 mg/mL)

Juvederm Vobella (Delicate / Soft): Superficial to mid dermis, subtle lip enhancement & definition, perioral rhytids, tear troughs / under-eye lines (HA 15 mg/mL)

Juvederm Volite (Skin Quality / Hydration): Intra-dermis, fine superficial lines, deep skin hydration, elasticity & skin texture improvement (HA 12 mg/mL)

Elasty Non-lidocaine (G / D / F)

19

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL, Lidocaine 0.3%

Manufacturer: Dongbang Medical Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 2 Syringes / Box (with Needles)

Application:

Elasty Grand (G / Hard / Deep): Deep subcutaneous / periosteal layer, nose bridge contouring, chin augmentation, cheekbone volume, jawline sculpting

Elasty Deep (D / Intermediate / Mid): Mid to deep dermis, moderate to deep wrinkles, nasolabial folds, forehead lines, lip augmentation & volume

Elasty Fine (F / Delicate / Soft): Superficial dermis, perioral lines, fine wrinkles, crow's feet, delicate under-eye area

18

Elasty Plus (G / D / F)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL, Lidocaine 0.3%

Manufacturer: Dongbang Medical Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 2 Syringes / Box (with Needles)

Application:

Elasty Grand Plus (G / Hard / Deep): Deep subcutaneous / periosteal layer, nose bridge contouring, chin augmentation, cheekbone volume, jawline sculpting

Elasty Deep Plus (D / Intermediate / Mid): Mid to deep dermis, moderate to deep wrinkles, nasolabial folds, forehead lines, lip augmentation & volume

Elasty Fine Plus (F / Delicate / Soft): Superficial dermis, perioral lines, fine wrinkles, crow's feet, delicate under-eye area

20

Belotero (Volume / Intense / Balance / Soft)

Active Ingredient: Cross-linked Hyaluronic Acid (HA) 24 mg/mL, Lidocaine 0.3%

Manufacturer: Merz Aesthetics (Merz Pharma) — **Switzerland / Germany**

Storage: 2 ~ 25°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 1 Syringe / Box (with 2 Needles)

Application:

Belotero Volume (Hard / Volume): Deep dermis to subcutaneous / supraperiosteal layer, cheek volume restoration, temple hollowing, chin & jawline augmentation (HA 26 mg/mL)

Belotero Intense (Intermediate / Deep): Deep dermis, severe deep facial wrinkles, prominent nasolabial folds, marionette lines, lip contour & projection (HA 25.5 mg/mL)

Belotero Balance (Mid / Basic): Moderate to deep dermis, moderate wrinkles, glabellar lines, nasolabial folds, perioral lines, lip enhancement (HA 22.5 mg/mL)

Belotero Soft (Delicate / Fine): Superficial to upper dermis, fine superficial lines, crow's feet, delicate perioral lines, under-eye fine lines (HA 20 mg/mL)

LIPOLYSIS

Lemon Bottle Lipolysis

Active Ingredient: Riboflavin (Vitamin B2), Lecithin, Bromelain (Ananas Sativus), Centella Asiatica Extract, Salvia Miltiorrhiza Root Extract, Chamomilla Recutita Flower Extract

Manufacturer: SIDIS LAB (SIDIS Medical) — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 10 mL × 5 Vials / Box

Application:

Lemon Bottle Lipolysis (Natural Fat Dissolving Solution): Subcutaneous fat layer (Adipose tissue), double chin, sagging jowls, love handles, abdomen, flanks, arms, inner & outer thighs, targeted localized fat cell metabolism acceleration & lymphatic drainage improvement

Kabelline

Active Ingredient: Deoxycholic Acid (DCA) 5 mg/mL (0.5%)

Manufacturer: NeoGenesis Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 8 mL × 5 Vials / Box

Application:

Kabelline (Contouring & Fat Dissolving Serum): Subcutaneous fat layer (Adipose tissue), submental fat (double chin), localized facial fat pockets, arms, abdomen, love handles, thighs, fat cell destruction (adipocytolysis) & targeted localized slimming

Pine Bottle Lipolysis

Active Ingredient: Riboflavin (Vitamin B2), Cyanocobalamin (Vitamin B12), Lecithin, Bromelain, L-Carnitine, Centella Asiatica Extract, Peptides

Manufacturer: Pine Medical (Pine Beauty) — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 10 mL × 5 Vials / Box

Application:

Pine Bottle Lipolysis (Premium Fat Dissolving & Contouring Solution): Subcutaneous fat layer (Adipose tissue), double chin, sagging cheek fat, love handles, abdomen, flanks, upper arms, inner & outer thighs, targeted adipocyte breakdown, lymphatic circulation improvement & skin tightening effect

Curenex Lipo

Active Ingredient: Phosphatidylcholine (PPC), Deoxycholic Acid (Sodium Deoxycholate), L-Carnitine, Fucus Vesiculosus Extract, Aesculus Hippocastanum (Horse Chestnut) Extract

Manufacturer: KDerma (K-Pharma) — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 10 mL × 5 Vials / Box

Application:

Curenex Lipo (Lipolysis & Skin Firming Solution): Subcutaneous fat layer (Adipose tissue), double chin, jowl line, buccal fat pads, upper arms, flanks, abdomen, thighs, fat cell destruction, localized adipocyte metabolism acceleration, collagen regeneration & skin

EXOSOME SKIN BOOSTER

ASCE+ SRLV-S

★★★★★
EX.S.B_01

Active Ingredient: ExoSCRT™ (Rose Stem Cell Exosomes), 5 Growth Factors, 6 Peptides, 19 Amino Acids, 4 Coenzymes, Vitamins & Minerals, Hyaluronic Acid

Manufacturer: ExoCoBio Inc. — **South Korea**

Storage: 2 ~ 8°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: [Vial 1: Lyophilized Exosome Powder 20 mg +
Vial 2: Diluent / Amino Acid Complex 5 mL] × 1 Set / Box

Application:

ASCE+ SRLV-S (Skin Rejuvenation Exosome Booster): Superficial to mid dermis (via MTS, microneedling, or iontophoresis), compromised skin barrier repair, skin regeneration, enlarged pores, acne scars, inflammatory redness relief, fine wrinkles & cellular vitality restoration

2XSome

★★★★★
EX.S.B_03

Active Ingredient: 1-Pure Exosome (Exosome Powder 100 mg) +
2-Exo Illuminating Booster (HA, Peptides, Amino Acids, Niacinamide 6 mL)

Manufacturer: Maypharm Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: [Vial 1: 100 mg Lyophilized Powder + Vial 2: 6.0 mL Diluent Booster] × 1 Set / Box

Application:

2XSome (Dual Exosome Skin Rejuvenation Booster): Superficial to mid dermis (via MTS, microneedling, or meso devices), damaged skin barrier repair, skin brightening & tone evening, pore reduction, collagen stimulation, anti-inflammatory soothing & deep hydration restoration

ASCE+ HRLV

★★★★★
EX.S.B_02

Active Ingredient: ExoSCRT™ (Exosomes / 10 Billion Particles), 10 Growth Factors, 30 Complex Nutrients (Biotin, Copper Tripeptide-1, Peptides, Amino Acids, Vitamins & Minerals)

Manufacturer: ExoCoBio Inc. — **South Korea**

Storage: 2 ~ 8°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 20 mg × 1 Vial / Box (Lyophilized Exosome Powder)

Application:

ASCE+ HRLV (Scalp & Hair Rejuvenation Exosome Booster): Scalp dermis layer (via MTS, microneedling, or electroporation), scalp anti-aging, hair thinning & loss prevention, hair follicle revitalization, scalp barrier strengthening & hair density enhancement

Exo One

★★★★★
EX.S.B_04

Active Ingredient: Human Stem Cell Conditioned Media (Exosomes), Multi-Growth Factors (EGF, FGF, VEGF), Peptides, Amino Acids, Hyaluronic Acid (HA)

Manufacturer: JDBIO Co., Ltd. — **South Korea**

Storage: 2 ~ 8°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: [Vial 1: Lyophilized Exosome Powder 50 mg +
Vial 2: HA Diluent 6.0 mL] × 1 Set / Box

Application:

Exo One (Exosome Skin Regeneration Booster): Superficial to mid dermis (via MTS, microneedling, or meso devices), damaged skin barrier restoration, intensive anti-aging, fine wrinkle reduction, pore tightening, acne scar & redness soothing, skin brightening & deep hydration enhancement

08

SKIN BOOSTER

Rejuran Healer

Active Ingredient: PN (Polynucleotide) 20 mg/mL (2%) 5 Growth Factors, 6 Peptides, 19 Amino Acids, 4 Coenzymes, Vitamins & Minerals, Hyaluronic Acid

Manufacturer: PharmaResearch Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 2.0 mL × 2 Syringes / Box (with Needles)

Application:

Rejuran Healer (Skin Rejuvenation & Regeneration): Mid to deep dermis (Intradermal micro-injections), damaged skin barrier restoration, collagen & elastin synthesis, fine lines, skin elasticity improvement, pore tightening, oil-water balance normalization & overall skin texture revitalizing

Rejuran HB

Active Ingredient: PN (Polynucleotide) 10 mg/mL (1%) + HA (Sodium Hyaluronate) 10 mg/mL (1%) + Lidocaine HCl 0.3%

Manufacturer: PharmaResearch Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 1 Syringe / Box (with Needles)

Application:

Rejuran HB (Hydro Booster & Regeneration with Lidocaine): Mid to deep dermis (Intradermal micro-injections), intense skin hydration & moisture retention, damaged skin barrier repair, fine line reduction, skin elasticity improvement, painless skin rejuvenation (contains local anesthetic Lidocaine)

Rejuran Skinbooster 3+3

Active Ingredient:

Vial 1 (c-PDRN + HA): c-PDRN (Cosmetic Polydeoxyribonucleotide), Hyaluronic Acid (HA)

Vial 2 (Amino Acids): 4 Amino Acids (Glycine, L-Proline, L-Leucine, L-Lysine)

Manufacturer: PharmaResearch Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: [Vial 1 (c-PDRN + HA) 2 mL × 3 Vials] +
[Vial 2 (Amino Acid) 2 mL × 3 Vials] = Total 6 Vials / Box

Application:

Rejuran Skinbooster 3+3 (Intensive Skin Regeneration & Hydration Booster):

Superficial to mid dermis (via MTS, microneedling, electroporation, or meso devices), damaged barrier repair, collagen stimulation, skin brightening, elasticity improvement & dual-action moisture replenishing

Rejuran (S / I)

Active Ingredient: PN (Polynucleotide) 20 mg/mL (2%)

Manufacturer: PharmaResearch Co., Ltd. — **South Korea**

Storage: 1 ~ 30°C (Do not freeze, Protect from direct sunlight)

Shelf Life: 24 Months (Fresh Lot)

Packaging: 1.0 mL × 1 Syringe / Box (with Needles)

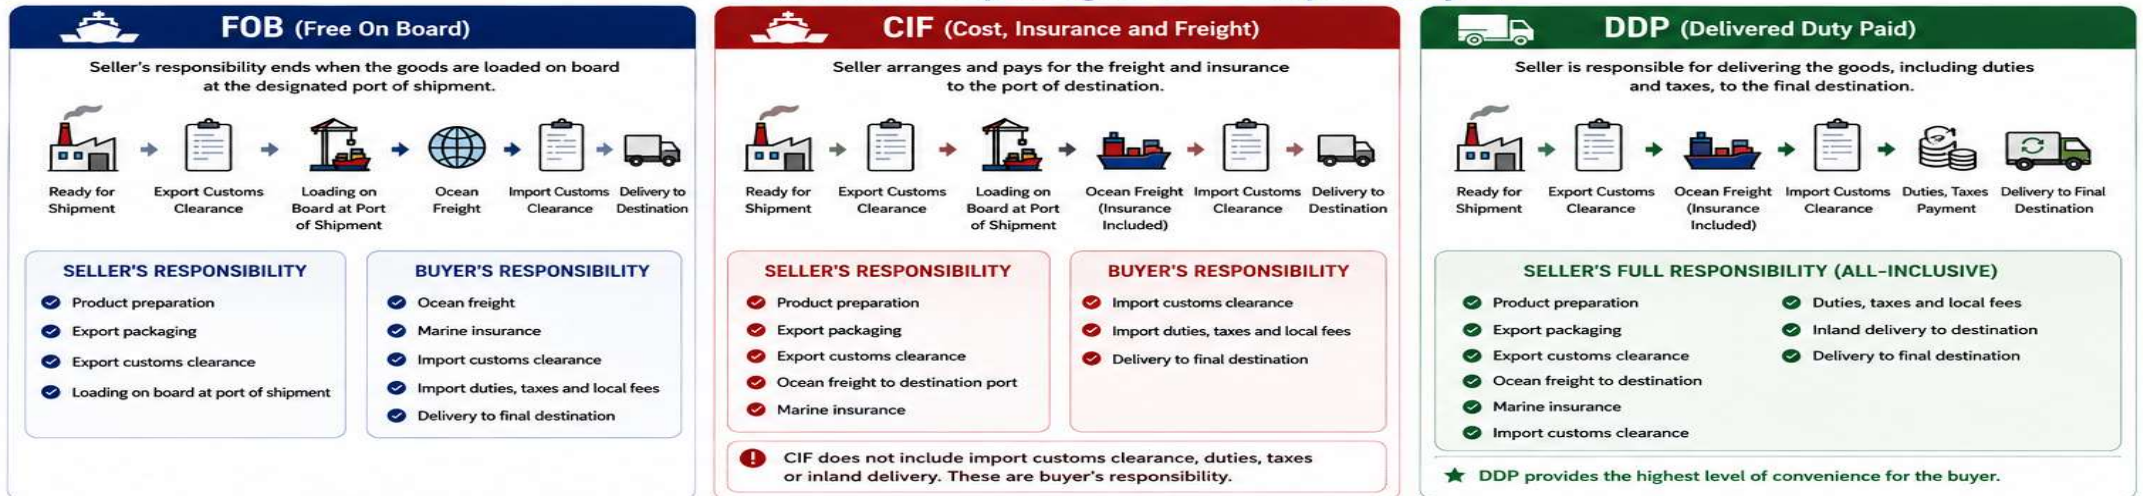

Application:

Rejuran S (Scar & Depressed Area Recovery / High Viscosity): Dermis layer, acne scar tissue remodeling, depressed post-surgical scars, targeted localized indentations & deep scar tissue regeneration **Rejuran I**

(Eye / Delicate Peri-orbital Rejuvenation / Low Viscosity): Superficial dermis around the eyes, fine crow's feet, under-eye dark circles, thin eye-area skin elasticity restoration & delicate wrinkle smoothing
